

HANSEN

Established 1945

RESIDENTIAL PORTFOLIO

Established in 1945, Hansen Architects distinguishes itself as a leading design firm, offering a range of services including architecture, historic preservation, and interior design. Hansen has designed custom homes in developments throughout the region as well as restored homes in prestigious historic districts throughout the southeast. Many are award winning projects that have been featured in national and regional publications.

Our team of committed professionals upholds the firm's design integrity, demonstrating their talents and commitment to both architecture and interior design. Through their efforts, the firm has received countless awards from The American Institute of Architects, The Georgia Trust, The National Trust for Historic Preservation, and The Historic Savannah Foundation.

Our goal remains to provide a consistent and sensitive approach to design and to achieve a responsive understanding of our clients' visions. We are confident that you will find our team committed and responsive on every level.
